(+91) 8739955115 | Jaipur, Rajasthan, IN

EDUCATION

Jecrc University

Master's in Computer Applications
Aug 2023 - Present | Jaipur, Rajasthan

Maharaja College

Bachelor's in Computer Applications
June 2023 | Jaipur, Rajasthan

SKILLS

Web technologies:

HTML5, CSS3, Tailwind CSS, React.js

Programming

Languages:

C++, Java, JavaScript, PHP

Database Management:

PostgreSQL

Soft Skills:

Problem-solving, teamwork, time management

Development Tools:

Visual Studio Code, GitHub

Additional Skills:

Artificial Intelligence, Embedded Systems, REST APIs, Kubernetes, DSA

HOBBY

Cricket

- Passionate about cricket, actively participating in and following matches.
- Engaging in cricket discussions and forums for trends and insights.

Academic Projects

Local Premier League Management Website

Technologies Used: HTML, CSS, Tailwind CSS, JavaScript, React.js

- Developed a web app to manage a local premier league, used by 200+ participants.
- Admin Module:** Tools for admins to input match results and manage 50+ player profiles.
- User Module:** Enabled users to view real-time match outcomes, track performance metrics for 100+ players, and follow live league standings.
- Automated Coin Toss:** Automated the coin toss process using a randomized algorithm with 100% fairness, simplifying pre-match processes.

Weather Insights Platform

Technologies Used: HTML, CSS, Tailwind CSS, JavaScript

- Real-Time Weather Data:** Integrated real-time weather data for 100+ locations.
- Interactive Design:** Crafted an intuitive interface with dynamic updates and search functionality, achieving a 30% improvement in user engagement.
- Responsive Layout:** Delivered a responsive design that adapts seamlessly to 10+ device types, ensuring consistent user experience.

EXPERIENCE

Front-End Development Intern

09/2024 - 10/2024

Cognifyz Technologies

- Implemented advanced CSS preprocessing techniques (Sass) to optimize code structure, increasing maintainability by 30%.
- Customized framework components for 3+ client projects, aligning with unique design and functionality needs.
- Collaborated with a team of 4 to complete 5 projects within one month.
